PERFORMANCE AND PERFECTION

The Portfolio Color Collection has changed the role windows and patio doors play in your home. Not only must they function smoothly, insulate against energy loss and provide protection from harsh weather, they now inspire a higher lever of design, both inside and out. This full array of new and visually exciting color combinations effortlessly blends artistic detail with state-of-the-art technology to give your home a distinctly upscale appearance—one that's an expression of your unique vision.

REMARKABLY DURABLE AND STRONG

While creativity carries the day with the Portfolio Color Collection, you'll be equally impressed with its performance power. Our interior woodgrain laminate finishes are precision-engineered for outstanding durability that maintains its attractive appearance over the life of the product. Ultra-premium exterior colors are achieved with a cutting-edge polyurethane coating technology incorporating heat-reflective pigments to ensure a remarkably strong, fade-resistant and highly weatherable finish that's easy to clean. Together, this innovative design collection delivers the perfect fusion of style and strength.

CAREFREE MAINTENANCE

When you consider the time and expense of painting and maintaining wood windows and patio doors year after year, you'll see why the Portfolio Color Collection is a smart choice. Built with a resilient color formulation, they require only minimal upkeep. Just wipe with a damp cloth or use simple household cleaners to remove most dust and dirt and restore the like-new beauty.

ENVIRONMENTALLY FRIENDLY

Now more than ever, homeowners are choosing green products to help protect our planet. Eco-friendly Portfolio Color Collection vinyl windows and patio doors never need to be repainted, which helps prevent paint, stain and other maintenance-related products from harming the earth. The exterior painted finishes are water-based and environmentally friendly, meeting current and future EPA standards regarding Volatile Organic Compounds (VOCs) and Hazardous Air Pollutants (HAPs). As a sustainable material with a long lifespan, vinyl windows and doors also help conserve wood and other natural resources often used in home construction.
